

# Marlene *Mullin, DNP, APRN-BC*

Providing primary care in a clinic serving uninsured, underinsured and homeless individuals, Dr. Marlene Mullin is an advanced practice registered nurse at the Burnstein Clinic. Dr. Mullin was the recipient of the 2014 President's Leadership Award from the Michigan Council of Nurse Practitioners, recognizing her active leadership role as a board member. She guest lectures for nursing programs at Oakland University, Wayne State University and the University of Detroit-Mercy. Mullin is an active community volunteer, organizing walks for diabetes and AIDS and working with a nonprofit organization that serves and advocates for the homeless. Under her leadership, her Michigan Council of Nurse Practitioners chapter expanded their membership, began a journal club, and partnered with another chapter to host a pharmacology conference. She also developed a legislative outreach committee in her chapter and assisted other chapters in member development. Mullin makes it her mission to recognize the work and awards received by other nurse practitioners. She not only has the leadership qualities the nursing profession needs, but she helps develop those attributes in others.

Mullin is a member of the Michigan Council of Nurse Practitioners, American Association of Critical Care Nurses and their Southeast Michigan chapter, the honor society of nursing Sigma Theta Tau International (STTI), and Kappa Gamma Pi.

## Dr. Mullin's Story

"My intense interest in the sciences, health, and helping others led me to my career in nursing. Currently as a Nurse Practitioner I volunteer to provide health care to the homeless in Oakland County. I am also on the Board of Directors of Hope Warming Center in Pontiac which provides shelter and food for the homeless. My heart smiles every time I receive a thank you and smile from these special people that I feel so honored to help."
